# Palazzo Vendramin Calergi

Choosing Venice for your wedding means becoming part of the history of one of the most fascinating cities in the world. A city built on water, a UNESCO heritage site and one which has no equal in the world.

Choosing Palazzo Vendramin Calergi means living an extraordinary history, a story where for one day you will be the Prince of a palace which has mirrored its magnificent façade on the Grand Canal since the sixteenth century.

A Palace which has played a key role in the history of Venice for centuries from 1481 until today. The Palace is now the representative office of the City of Venice.

Palazzo Vendramin Calergi is the largest building directly facing the Grand Canal, embracing a magnificent view that goes from Piazzale Roma to the Rialto Fish Market. Along with its magnificent garden, a main feature of the Venetian packets, the Palace offers you and your guests moments of absolute beauty.
